

## RIIRTM203E Work as a safety observer/spotter

### Course Outline:

This course covers the requirements to work safely as a safety observer/spotter on civil construction sites.

It includes:

- initial planning and preparation
- hazard identification
- managing risks associated with working areas involving vehicles, plant and pedestrians
- maintaining designated work zones
- awareness of no go or exclusion zones.

Both theory and practical is covered in the course, which can be contextualised to be relevant to a broad range of workplace environments.
